

K-LOVE, at 90.7, in Virginia Beach is the only radio station my family listens to. It is refreshing to have a station that our children can listen to without fear of hearing something offensive. K-LOVE gives all of its listeners an alternative that is currently not matched elsewhere. To have it replaced with an LPFM broadcaster would be unfair. K-LOVE is a national service and quite frankly that is what makes so wonderful. We are able to listen to Christians all of this country respond to the music in the same manner that we do. It truly is uplifting and motivating.
